

CALTRANS COMMUTER ALERT

08-194

Date: Friday, June 13, 2008
District: 08 – San Bernardino County
Contact: Barbara Miller
Phone: (909) 383-4631
(909) 383-6733

INTERSTATE 215 (I-215) IMPROVEMENT PROJECT UPDATE #12

San Bernardino – In an effort to begin work on the Inland Center Drive Bridge, Caltrans will be placing concrete barriers (k-rail) on the north and south side of the bridge. Work will take place behind the k-rail. One lane in each direction will be available at all times with a turn lane to allow motorists to enter the southbound I-215.

Trucks are discouraged from using the Inland Center Drive Bridge and ramps due to turning radius restrictions. As an alternate route for truck traffic, please use Orange Show Road or Mill Street.

Please allow additional travel time due to lanes being restricted. To avoid rear end collisions merge early and allow distance between you and the car in front of you.

This “Alert” will continue to be updated with new information for the duration of the project. For your convenience you may sign up for automatic notification of this alert by visiting our website at www.caltrans8.info and go to “CT Connect” or News and Document Center.

For information on the entire project you may also go to www.sanbag.ca.gov.

Caltrans would like to thank motorists for their continued patience during the I-215 improvement project. Caltrans asks that motorists please be aware of the construction area and always make a point to ***SLOW FOR THE CONE ZONE***.
